

Viga

by Yonoh Studio

At Viga operative range desks the raw, industrial lines of the aluminium core and the warm and friendly wood used on the worktop or the legs blend in great harmony.

Displaying a great customizability, Viga provides unlimited options for a professional workspace, either at home or at the office. Modesty panel, cable tray,

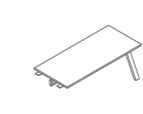

Mediabox, grommets or a side cabinet are some of the accessories offered to maximise the user experience. Its elegant range of colours featuring, among others, the anti-fingerprint black Fenix laminate, will ensure the desks fit in any interior always keeping its personality.
